

Social Awareness Resources

Discussion pictures are a useful way of setting sign vocabulary in context and providing a scaffold to elicit further vocabulary. We will be offering a series of pictures around the home and out and about to promote this. Each picture will have 12 signs to get you started and can also be coloured in.

Descriptions which are provided free of charge still remain the copyright of The Signalong Group and must reference handshape, orientation, placement and movement. Where these signs are distributed out of the parameters of which they were supplied, Signalong must be acknowledged.
