Signalong Anthem - Learning Guide

Signing level: 1

Singing level: 2

Range: 7 notes, F- Eb

Parts: 1

Leaders/ teachers: always read the Singing and Signing Resources Guide that you will find in your download pack before you start teaching this song to your group. It is also important that leaders learn the signs first, especially if you are new to signing.

Context

The East Riding IMPs group wrote this song for the Sign Supported Communication Charity 'Signalong'. Signalong commissioned the song to explain why signing is an important method of communication in a fun and memorable way.

The melody is catchy and easy to pick up- but take care when learning it; there are some tricky bits. In the chorus: 'it's my Signalong' there is a big interval jump from 'my' to 'Signalong'. To gain confidence in singing big intervals, include them into your warm-ups to get the hang of them. The sign for 'Signalong' is a quick sign- there is only time for one circle of the open hands.

The track is quite fast, so we would advise slowing it down through Speed Shifter while you are learning it, and build up the speed slowly. (See the Singing and Signing Guide for more information about Speedshifter).
